

HOSPITALITY RIDER // THE RAGBIRDS

Band requests the following in dressing room before show:

Meal Notes: We have one vegetarian who loves cheese (who also will eat fish when it's available), and one vegetarian who is allergic to dairy.

Some examples of vegan meals:

Bean burrito (no dairy!), rice/ veggie stir fry, rice & beans, some sushi varieties, veggie burger, vegetable sandwich w/hummous, tofu, tempeh, seitan etc. . .

SALAD is great but does not qualify as a meal unless it is a substantial portion and hearty (loaded with greens, veggies, sprouts, beans, avocado, tofu, etc), and a non-dairy dressing is available.

Water - The Ragbirds carry water bottles and would prefer to have a source of filtered water where they can refill (ex. a water cooler or brita pitcher). In the band's effort to tour green they'd like to reduce the amount of plastic water bottles consumed. If that's the only available option then that's ok, but even a plastic gallon jug would be better than individual bottles. We appreciate your help to make our tour less impactful on the earth.

Vegetable tray

Drink tickets for spirits and fountain drinks

Two - 12 pack of local microbrew beer

6 pack of Coke

Hot water and tea assortment

Towels
